

In addition to its standard suite of features, QuickSCRIP® Pharmacy System offers several options that can improve your opportunities to expand and run your business more effectively. Each option is priced separately from the standard QuickSCRIP program, so please mention your interest in any of these features when discussing QuickSCRIP with our sales representative.

SOFTWARE SUPPORT
HARDWARE SUPPORT
MEDI-SPAN™ DATA
NUTRI-LINK™

SOFTWARE SUPPORT: Get access to regular program enhancements and unlimited toll-free telephone support with the purchase of our software support program.

HARDWARE SUPPORT: If you purchase your hardware from us, we can provide you with a hardware maintenance plan. This gives you assurance that your hardware will be promptly repaired or replaced in the event of a failure.

MEDI-SPAN™ DATA: To maintain up-to-date pricing and drug interaction data, we offer electronic updates of prices weekly and quarterly updates of drug interaction data from Medispan.

NUTRI-LINK™: For those wishing to expand their interests to the herbal market, we offer Nutri-Link.

PHARMEX®: Many labels now come with warning label tabs. We offer the ability to print the PharmEx warnings specific to the drug being dispensed.

MEDICATION ADMINISTRATION RECORDS

(MAR'S): For those pharmacies that would like to issue MAR's, QuickSCRIP offers the flexibility to do so. Select from one of our more popular formats, or we can customize a format to fit your existing form.

NURSING HOME: QuickSCRIP can be extended to manage Rx's for multiple nursing homes or other care facilities. With this option, you can keep separate prescription records and print Doctor's Orders, Treatment Lists, and Medication Administration Records (MAR's).

MEDICATION ADMINISTRATION RECORDS (MAR'S)
NURSING HOME

MEDICARE: Transmit prescriptions directly to Palmetto GBA for processing of Medicare prescriptions. QuickSCRIP handles Medicare items such as diabetic supplies, cancer drugs, and immunosup-

pressant drugs.

ACTIVEFAX™: We offer the ability to utilize computer based faxing of refill requests to doctors.

PAYROLL: QuickSCRIP is not just about managing prescriptions; it is about helping you manage your business. Our payroll program offers clock in/clock out capabilities, paycheck printing with tax and voluntary deductions, and W-2 printing at the end of the year.

SYSTEM INTEGRATION:

QuickSCRIP integrates with Retail Management Solutions' Point of Sale System and with Medicine on Time software. We also integrate with automated dispensing systems from ScriptPro, Parata, and Mckesson.

QuickSCRIP software has HIPPA features, and is supported by a dedicated support staff. For more information, contact us at 866.259.6091 or by e-mail at sales@quickrx.net.
