

**URGENT RELAYHEALTH NOTIFYRX™ DRUG RECALL NOTICE:
SANDOZ PHARMACEUTICALS - RETAIL RECALL – 12/17/10**

Sandoz Pharmaceuticals is initiating a voluntary **RETAIL LEVEL** recall that addresses a safety issue as the product may not meet potency specifications through the expiration date, and as a result they are asking all retail pharmacies to now inspect for and remove **BELOW LISTED LOT #'s** for the following product:

- **Levothyroxine sodium 25mcg tablets** **NDC# 00781-5180-01**
- **Levothyroxine sodium 25mcg tablets** **NDC# 00781-5180-10**

Pharmacies are advised to quarantine and discontinue distribution of these lots. Further instructions will come directly from your distributor.

RelayHealth has responded by implementing a NotifyRx™ safety alert informing pharmacies of this recall at point-of-dispense when the claim is processed through the Intelligent Network.

Beginning today, all pharmacies that participate in the NotifyRx messaging program will see the following messages for the listed drug:

Recall #1

- **Product Name: Levothyroxine sodium 25mcg tablets**
 - **Drug Code: 00781-5180-01**
 - **Lot #'s: C09T0161A1; C09T0161A2**
- **Message: *NRX* Voluntary Recall of Levothyroxine 25mcg tabs (Sandoz) Lots C09T0161A1 and C09T0161A2. Safety Issue: lots may not meet potency specs through expiration date. Set Aside.**

Recall #2

- **Product Name: Levothyroxine sodium 25mcg tablets**
 - **Drug Code: 00781-5180-10**
 - **Lot #'s: 09T9661A**
- **Message: *NRX* Voluntary Recall of Levothyroxine 25mcg tabs (Sandoz) Lot 09T9661A only. Safety Issue: lot may not meet potency specs through expiration date. Set Aside.**

If you have any questions about NotifyRx or are interested in signing up for the program, please contact your RelayHealth Sales Executive.
